

Dear Exhibitors,

Restriction on Custom-built Stand Height

For rising environmental and safety concerns, Hong Kong Trade Development Council will lower the maximum height of single-deck custom-built stands, whereas height of double-decks remains unchanged at a maximum of 5 metres, in all its fairs with details below:

1. Starting **1 May 2019**, all **NEW** single-deck custom-built designs shall not exceed the height of 4.5 metres (note: all stand construction underneath $\pm 0.5\text{m}$ of the smoke curtain shall not exceed 2.5 metres in height in Hall 3FG & 5FG and 3 metres in height in Hall 1, 3BCDE & 5BCDE).
2. Re-used single-deck stands can continue to be used until **end of April 2021** only if the stand design remains unchanged as it was submitted to HKTDC in 2018 with no modifications made. Otherwise, the revised stands will be regarded as new and be subject to the height restriction of 4.5 metres.
3. Starting **1 May 2021**, no single-deck custom-built stands (including re-used stands) shall exceed the maximum stand height restriction of 4.5 metres.

We believe that you will support this new initiative in creating a better working environment. If you have any queries, please contact:

Name	Tel. No.	Email
