## Welcome Message

It is my pleasure to welcome you to Entrepreneur Day (E-Day).

E-Day brings together inspirational leaders and innovators to foster entrepreneurship through networking, knowledge sharing and collaboration — all designed to empower start-ups for success.

Hong Kong has long been recognised for its dynamic entrepreneurial spirit, and the city's growing number of start-ups is a testament to the strength of its thriving innovation ecosystem.

The theme of this year's event, "Where Start-up Dreams Take Flight", captures the drive of today's entrepreneurs to turn bold ideas into market-ready products, solutions and services.

In line with this vision, the event features an exhibition, seminars, networking opportunities and business matching to equip you with fresh insights and foster meaningful connections and tangible avenues for growth.

In the exhibition hall, over 360 exhibitors from 11 countries and regions present a variety of business products and offerings.

A highlight is the Hong Kong Innovation Pavilion, organised by the Hong Kong SAR Government Digital Policy Office, which celebrates 30 cutting-edge solutions from this year's Hong Kong ICT Awards.

The pavilion hosted by the Home and Youth Affairs Bureau (HYAB) will feature over 40 start-ups supported by the HYAB Funding Scheme for Youth Entrepreneurship in the Guangdong-Hong Kong-Macao Greater Bay Area (GBA), as well as members of the Alliance of Hong Kong Youth Innovation and Entrepreneurial Bases in the Greater Bay Area.

In addition, the "Start-up and Innovation Zone" presents some 130 inventions and innovative projects spanning sectors, such as fintech, healthtech, smart cities and more from the Asia Exhibition of Innovations and Inventions Hong Kong supported by the Hong Kong Exporters Association.

Complementing this is a showcase of over 60 ventures from local universities, reflecting the vibrant energy and creativity of our city's next generation of entrepreneurs.

Among the many seminars, interactive forums and pitching sessions, the signature T-Chat masterclass explores revolutionary breakthroughs emerging from deep tech. This seminar examines how to evolve these technologies from the lab, commercialise them and scale them to have lasting impact in global markets.

Another highlight is a roundtable session on "Empowering GBA Start-ups to Expand into ASEAN with Hong Kong as a Superconnector and Super Value-adder" examining how start-ups from the Guangdong-Hong Kong-Macao Greater Bay Area (GBA) can pursue opportunities in ASEAN markets, featuring insights from Hong Kong, Shenzhen, Malaysian and Thailand speakers. The session illuminates various strategies for start-ups to consider when planning ventures in ASEAN markets, covering a number of finance, legal and support mechanisms designed to help start-ups expand and thrive.

I invite you to explore the Business of IP Asia Forum (BIP Asia Forum) and DesignInspire exhibition, held alongside E-Day. BIP Asia brings together IP owners and industry leaders to share strategies, discuss arising trends and uncover new collaborations in the IP landscape. The DesignInspire exhibition, organised by the Hong Kong Trade Development Council and co-organised by the Hong Kong Design Centre, is held until 6 December and convenes global design professionals, trend-setting brands, associations and institutes to showcase cutting-edge ideas and foster collaboration.

E-Day and BIP Asia are co-hosting the Global Tech Summit, which features a broad line-up of speakers sharing perspectives on technological advances in sectors, such as sustainable energy solutions and construction technologies, with the objective of illustrating how start-ups and corporates work together to upgrade their businesses through adopting the latest technologies.

I wish you an engaging and productive E-Day.

**Sophia Chong**  
Executive Director  
Hong Kong Trade Development Council

歡迎各位參加創業日（E-Day）。

創業日雲集業界領袖與創新人才，透過交流互動、知識分享與合作，積極推動創業精神，全面助力初創企業邁向成功。

香港一向以其充滿活力的創業精神聞名，初創企業的數目持續增長，正好印證本地創新生態蓬勃發展。今年活動以「初創夢啟航」為主題，展現現今創業者勇於實踐創意，將構思轉化為迎合市場需要的產品、方案及服務。

為實踐此願景，活動設有展覽、研討會、交流活動及商貿配對，協助參與者掌握最新市場動向，建立人脈網絡並開拓新機遇。

今屆創業日吸引來自 11 個國家及地區、超過 360 家參展商，展示多元化的商業方案與產品。其中重點展區包括由香港特別行政區政府數碼政策辦公室主辦的「創新・香港展館」，展出30 項榮獲本年度「香港資訊及通訊科技獎」的得獎作品。

由民政及青年事務局主辦的展館匯聚超過40家獲「粵港澳大灣區青年創業資助計劃」支持的初創企業，以及「大灣區香港青年創新創業基地聯盟」成員的項目。

此外，「初創及創新專區」展示約130個，由香港出口商會所主辦亞洲創新發明展覽會的發明項目，涵蓋金融科技、健康科技、智慧城市等領域。

同時，還有超過60個來自本地大學的創業項目，彰顯香港新一代創業者的無限創意與活力。

在研討會、互動論壇及路演環節方面，重點活動「T-Chat 大師班」將探討深科技領域的突破性發展，剖析如何將技術從實驗室走向商業化，並擴展至全球市場。

另一重點活動「創新出海・香港領航」——大灣區初創企業拓展東盟圓桌會議，則由來自香港、深圳、馬來西亞及泰國的講者分享洞見，共同探討大灣區初創企業如何把握東盟市場的機遇及策略，並涵蓋金融、法律及支援機制，助力企業拓展業務，取得成功。

我誠邀各位參與與創業日同期舉行的亞洲知識產權營商論壇及DesignInspire。亞洲知識產權營商論壇匯聚知識產權持有人及業界領袖，分享策略、探討新趨勢，以及發掘在知識產權領域中的嶄新合作機會。由香港貿易發展局主辦、香港設計中心協辦的DesignInspire，雲集全球設計專業人士、潮流品牌、協會及機構，展示創意並促進合作，活動將舉行至12月6日。

創業日和亞洲知識產權營商論壇聯合舉辦「環球科技峰會」，邀請多位講者分享各行各業對科技發展的精闢見解，涵蓋可持續能源方案及建築科技等領域，展示初創與大型企業如何攜手採用最新科技，提升業務發展。祝願各位在創業日中收穫豐富，滿載而歸！

香港貿易發展局總裁  
張淑芬

 Product Description: The HKU Techno-Entrepreneurship Academy (TEA), a  
 landmark collaboration between the University of Hong Kong (HKU) and the  
 Qianhai Authority,began construction in May 2024 and was officially launched  
 on 4 September,2024.  
 The establishment of the HKU Techno-Entrepreneurship Academy aims to  
 leverage Hong Kong's strengths in talent,research, innovation, and  
 internationalization.With HKU as a hub for innovation and  
 entrepreneurship,and Qianhai as a pioneering zone for close Hong  
 Kong-Mainland cooperation and a leader in Shenzhen-Hong Kong  
 integration, the Academy fosters complementary advantages. It introduces  
 HKU's outstanding talent and innovative enterprises to Qianhai, offering  
 professional entrepreneurial training and building a supportive ecosystem for  
 business growth. This facilitates connections across industrial, technological,  
 talent, financial, and market chains, positioning the Academy as the premier  
 destination for Hong Kong youth to start and grow businesses in the Greater  
 Bay Area (GBA).  
 The Academy will focus on nurturing technology projects in artificial  
 intelligence, healthcare, new energy, and new materials. Through its unique  
 technology training programs, state-of-the-art collaborative  
 workspaces,vibrant regional innovation ecosystem, and extensive  
 international network, it strives to create a new hub for disruptive innovation in  
 the GBA,driving continuous breakthroughs in the region's technological  
 advancement.

		Product Description: BodyMate: A Smart Textile-Based Health Monitoring Vest for Continuous Elderly Vital Sign Detection	
The Chinese University of Hong Kong	1D-C42	The Hong Kong Polytechnic University -	1D-B56
Product Description: Ultrafast Photothermal ddPCR System based on Plasmonic Fluorosurfactant		UbiquiTech Innovations Limited (PolyVentures)	
		Product Description: PolyPi: Edge-AI Empowered Autonomous Robot for Pipeline Inspection and Maintenance	
The Education University of Hong Kong	1D-B06	The Hong Kong Polytechnic University -	1D-B50
Product Description: A Hybrid EEG-fNIRS Neurofeedback Application for Brain Training for Autistic Children		Xiaoma Technology Limited (PolyVentures)	
		Product Description: Development of a Proactive Early Warning System for Structural Health Monitoring of Wind Turbine Blades and Towers Based on Finite Element Simulation, Fiber Bragg Grating Sensing and Reinforcement Learning	
The Education University of Hong Kong	1D-B08	The Hong Kong University of Science and Technology	1D-B09
Product Description: Novel Biomaterials Used for Dendritic Cell Vaccine for Cancer Immunotherapy		Product Description: High-Precision Multi-Dimensional Tactile Sensor	
		The Hong Kong University of Science and Technology	1D-B11
The Education University of Hong Kong	1D-B10	Product Description: Multi-Purpose Silica Encapsulating Matrix for Long-Term Usage in Human and Pets Hygiene and Cosmetic Applications	
Product Description: Automatic Multi-modal Deep Learning Analysis System		The Hong Kong University of Science and Technology	1D-A12
		Product Description: SmartPath: A Full-stack Digital Pathology Solution	
The Hong Kong Polytechnic University	1D-A50	The Prince Royal's Collage	1D-C28
Product Description: ProMuki - Wearable Ultrasound Monitoring and Analysing of Muscle Activities for Fitness, Sports, and Rehabilitation		Product Description: Bio-Injection Stick : A Trichoderma—Mycorrhiza—Humic Acid System for Managing Phytophthora in Longan Roots	
		The Prince Royal's Collage	1D-C22
The Hong Kong Polytechnic University	1D-B54	Product Description: AIPressure: Portable AI-Powered Blood Pressure Monitor with Real-Time Health Tracking Application	
Product Description: MetaBridge: A 3D Gaussian Splatting and Blockchain Platform for Cultural Heritage Digital Assetization and Immersive Experience			
The Hong Kong Polytechnic University	1D-B51		
Product Description: WING: Wireless Infrastructure for Next-Generation EV Charging			
The Hong Kong Polytechnic University	1D-B49		
Product Description: Intelligent Driving Training and Evaluation System for Heavy-Duty Trucks			
The Hong Kong Polytechnic University	1D-B52		
Product Description: PipelInspect: Cutting-Edge Inspection on water distribution network with Fiber-Optic Positioning			
The Hong Kong Polytechnic University	1D-C49		
Product Description: Automated freeform eyeglass for instant refractive control
